## The Lesson.

The snow was falling thick and fast, And over the landscape wide and vast An earnest mantle white and pure; And to each pine tree clinging secure Large feathery plumes of hoariness hung. That slowly nodded in the breeze, Which softly crept among the trees And sought to pluck a pine or two. When suddenly, most sweet and clear, A trill of music reached my ear. And thrilled me with a sweet surprise And shamed, beneath the snowy skies A robin redbreast raised his voice. "Cheer up, cheer up," his glad refrain, "For spring, sweet spring, is here again. Cheer up old world, rejoice, rejoice!" All shelterless and hungry, he Discouraged the sweetest melody. While I with every want supplied That very morning sat and died, Unrecoiled, dissatisfied, Rebelling, is it too absurd To learn a lesson from a bird. And blush for selfishness and pride? And all at thought that April day Remembrance of that bird's song gay, So full of faith and hope and cheer, Made my essence seem alive and true; And made me blush for lack of faith, And hope perhaps the sun will shine Even here and now for me and mine, And hope for joy this side of Death.

## Old People of Norway Need Vinol.

It Strengthens and Vitalizes. With old age comes feebleness and loss of power; the organs act more slowly, less efficiently; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol is not a patent medicine but a delicious cod liver preparation which contains all the medicinal body building elements of cod liver oil in a concentrated form, taken from fresh cods' livers, the useless oil eliminated and tonic added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit, Frank P. Stone, Druggist, Norway, Me.

Read at the 20th Anniversary of the T. A. Roberts W. R. C. of Oxford.

Mrs. Laura Stevens, department commander of the W. R. C. of Maine made the following poignant remarks at the 20th anniversary of T. A. Roberts Post at Oxford.

As wishing greetings here to bring, Notable well to speak or sing, I mentioned my reluctant muse, That she might write what she chooses, Hoping thus to make my boy, Should this old story, I should say, Enjoy good things of the hour, As much as might be in my power; But when I heard of discordant note, Good fellowship perhaps promote, Congratulations to our host, The T. A. Roberts Army Post, I first would bring with all my heart, And glad that I can have a part In co-soling with you here, The rounding out your twentieth year. You must be glad and only glad, That you these twenty years have had, An organized Grand Army Post, And only count those years as lost, Between the close of the war, And when you joined the G. A. R. From camp and battlefield renowned, Your boys returned, laurel crowned, What kept your patron fires alive For sixty years, and still so bright It would be difficult to state. But coals if single will not burn, This lesson you were fain to learn, And some together as a Post, Just twenty years ago at most. These years have been of course replete With all good comradeship and sweet, And while we wish they had been more, Full glad are we they count a score; For these glad years and all they hold Of comradeship your hearts to weld, We one and all congratulate This Post. As now you celebrate The closing of your twentieth year, The closing of your youth and cheer. Attending now to your score, We hope you'll see twice twenty more Ere any service term expire; As any one of you retire, For other cause—are mustered out, Desert, expelled or to rot, By circumstances which you find Too dire to which to be resigned, Though limitation of such a way, One surely ought not here to bring. We hope instead that to your band, Will come recruits and new and true, With you to help perpetuate The veteran valor of our state. Veterans of the Civil War, Have not yet joined the G. A. R. When I the case of such obtain, In this or any place in Maine, I always urge them near and far To comrades be of G. A. R. You ladies of this W. R. C. Will not I'm sure offend me, That first I greet the Army Post; For Posts come first, and they and most, It is for them relief and aid We organize. It may be said That Corps exist for the G. A. R., In times of peace as well as war, "It is said, so with the best of food, And entertainment they can find For cheering body, soul and mind; Themselves they bring, The Women's Corps, To be desired there's nothing more. I would however you ladies great, Am glad so many here to meet, To see this day and cheer To men who fought in those dark years, For you, your homes and all that's dear; Their ranks we find are thinning fast, When few more years of time have passed, These privileges will not be course If nature takes her toll of you, Make use of them while yet you may To cheer those better as I say, And here, again I'll make my bow, That it's quite time I will allow, My thanks for time you've given me, For listening so patiently To my poor muse's stilted rhyme, Monopolizing what we need, My coming here I wish might show That which, perhaps the most may know, That meetings such as this are always good for social well; For strengthening it more and more In Army Post and in the Corps; Events of note like this should be Made always prominent. If we Will emphasize what we need, And all our arts and strength employ To show the good we get therefrom; Then others for that good will come, And Corps and Post will strengthened be As others join our company.

You must be glad and only glad, That you these twenty years have had, An organized Grand Army Post, And only count those years as lost, Between the close of the war, And when you joined the G. A. R. From camp and battlefield renowned, Your boys returned, laurel crowned, What kept your patron fires alive For sixty years, and still so bright It would be difficult to state. But coals if single will not burn, This lesson you were fain to learn, And some together as a Post, Just twenty years ago at most. These years have been of course replete With all good comradeship and sweet, And while we wish they had been more, Full glad are we they count a score; For these glad years and all they hold Of comradeship your hearts to weld, We one and all congratulate This Post. As now you celebrate The closing of your twentieth year, The closing of your youth and cheer. Attending now to your score, We hope you'll see twice twenty more Ere any service term expire; As any one of you retire, For other cause—are mustered out, Desert, expelled or to rot, By circumstances which you find Too dire to which to be resigned, Though limitation of such a way, One surely ought not here to bring. We hope instead that to your band, Will come recruits and new and true, With you to help perpetuate The veteran valor of our state. Veterans of the Civil War, Have not yet joined the G. A. R. When I the case of such obtain, In this or any place in Maine, I always urge them near and far To comrades be of G. A. R. You ladies of this W. R. C. Will not I'm sure offend me, That first I greet the Army Post; For Posts come first, and they and most, It is for them relief and aid We organize. It may be said That Corps exist for the G. A. R., In times of peace as well as war, "It is said, so with the best of food, And entertainment they can find For cheering body, soul and mind; Themselves they bring, The Women's Corps, To be desired there's nothing more. I would however you ladies great, Am glad so many here to meet, To see this day and cheer To men who fought in those dark years, For you, your homes and all that's dear; Their ranks we find are thinning fast, When few more years of time have passed, These privileges will not be course If nature takes her toll of you, Make use of them while yet you may To cheer those better as I say, And here, again I'll make my bow, That it's quite time I will allow, My thanks for time you've given me, For listening so patiently To my poor muse's stilted rhyme, Monopolizing what we need, My coming here I wish might show That which, perhaps the most may know, That meetings such as this are always good for social

**Not a drop of Alcohol**  
Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

**Ayer's**  
We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills.

Mrs. Eleanor Whitman, widow of Alanson Mellen Whitman, passed away at her home here on Thursday evening, April 16, Mrs. Whitman had been ill about three weeks, suffering from a complication of diseases. The immediate cause of her death was due to neuralgia of the face, she was about 70 years of age and one of the few left of the old residents of the village, having resided near or within its limits since her marriage in 1846.

Mr. Whitman died in 1892.

She was a member of Franklin Grange and in religious faith was a Universalist. She was the daughter of Samuel Bryant, Jr., and Rebecca Stevens. Her grandfather was one of the three Bryant brothers who made the first real settlement in the town of Woodstock. Her mother is still living at the advanced age of 98 years.

### Was Born in Otisfield.

Mrs. Priscilla Chaplin is the oldest woman in Bridgton. She was born in Otisfield, Apr. 7, 1810, and so is 97 years of age. Her father, Jonathan Wight, was a native of Wrentham, Mass., and came to Otisfield with his parents when a very young man. He was intelligent, honest and eccentric to a humorous degree, all of which characteristics his daughter inherited.

Mrs. Chaplin's mother was Mercy Harmon of Waterboro. Mrs. Chaplin was one of a family of 11 brothers and sisters of whom three sons were soldiers in the Civil war. In 1845 Priscilla was married to Andrew Chaplin of Bridgton, who died in 1878.

About 25 years ago Mrs. Chaplin fell and broke one of her hips by reason of which during these last years she has been obliged to use crutches.

Sixteen years ago Mrs. Chaplin went to live with Mrs. Sarah Berry of South Bridgton, who during all these years since that time has cared for her with the tenderness of a daughter. The Kind You Have Always Bought

Signature

## THE COME AND SEE SIGN

Public Inspection Warranted. This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; the poor doubting, suffering woman, for her own sake, be taught confidence, for she also might just as well regain her health.

COOPER'S FOLLOWERS GIVE REASON FOR THEIR BELIEF

With a theory that human health is dependent on the stomach and with a medicine which he says proves this theory, L. T. Cooper has built up an immense following during the past year.

Cooper has visited most of the leading cities of the country, and in each about his health and his medicine. Wherever he has gone, he has been called upon by tens of thousands, and his preparation has sold in immense quantities.

The sale of this medicine has now spread over the entire country, and is growing enormously each day. In view of this, the following statements from two of the great number of followers which he now has, are of general interest.

Mrs. Agnes Viggenhousen, of 942 St. Louis Avenue, Chicago, has the following to say on the subject of the Cooper's preparation: "For more than ten years I was broken down in health. I could not sleep and I was very nervous. Gradually I began to lose my memory, until I could not remember things from one day to another. I had severe pains and cramps in my body, and I would at times see dark spots before my eyes. I was unable to do any work whatever, as my strength was failing. I had no appetite, nor could I take any medicine. I had about given up hope of ever being well again when I read of Mr. Cooper's remedies. I decided to give them a trial, and I began to feel better at once. After taking the medicine for two weeks I can say that I am a new woman. I can eat with enjoyment, the pains in my body have left me, and I am stronger than I have been for years. "I cannot say enough for Mr. Cooper's remedies. They are wonderful. They have done everything claimed for them in my case."

Another statement by Mr. W. B. Stewart, 109 W. Madison St., Chicago, is as follows: "I have had stomach trouble for years, and anyone who is afflicted this way knows what an awful distressed feeling it causes. Many a time I have felt that I would give most any price to be cured. It was by accident that I heard of this man Cooper's remedies. I immediately made up my mind to buy a treatment of him. I used it for about two weeks, and it is impossible to tell how much good it has done me. I feel altogether different. I have more life and energy than I have had for years. This medicine certainly does stimulate and strengthen the whole system. Tired feeling and weak condition of the stomach has entirely passed away. I feel well again."

We sell Cooper's celebrated medicines which have made this wonderful record in all parts of the country. — F. P. Stone, druggist, Norway, Me.

## The Promises of Spring.

A Keen Observer of Everyday Life Sees Signs of the Glad Summer Time

We are all glad to welcome the return of the spring with its beauties of nature, after a long, cold winter has passed. Flow warm and brightly the sun begins to radiate its rays upon this earth of ours, now all dripping with the melting of the ice and snow. As we go along the country road we hear the welcome song of the various birds, the harbingers of spring, and as we watch from day to day the buds on the trees as they enlarge, they all seem to tell us that spring, the time when all nature awakes after a long rest, is with us again. We come along the road to a brook. It is now a scene of activity as the waters gurgle along over the rocks on its way to the river or lake, whereas only a short time ago it was bound by ice and snow and all was perfectly quiet.

Then as we look at the sky and see the dark clouds gathering over the beautiful blue, perhaps for a heavy shower, they remind us that we have not seen any such quick gathering of clouds since the winter came upon us, and thus they add to the promises of springtime. What are some of these promises? Well, the sweet songs of the birds at morning and at evening, woods its first tint of buds giving to the trees its first tint of green, the beautiful pink and white mayflowers with their sweet perfume, the violets and all the early flowers, these with the nice warm days are some of the promises of spring.

Simple Home Recipe.

Mix This Simple, Helpful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly is a highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

## Good Roads.

The county road meeting for this county will be held this year April 23, at Round Pond municipal court room at 1 p. m. This is what Commissioner Paul D. Sargent in the circular says among other things:—"If we had the time and the proper force I should be glad to send a representative of this department into every town to make an examination of the work and to suggest such line of improvement as seemed needed. As this is utterly impossible under present conditions the next best thing will be for you to get in touch with the department through these meetings."

Now we are inclined to think this would be just the best thing to do. Have a practical Highway department for the State that would look at the different kinds and conditions of road and tell just what to do and how to do it. We have as much time now as we ever had or ever will have. One practical road builder for every county ought to be able, if he worked every working day from the time the ground opens in the spring till the frost closes it in the fall, to advise how the work should be done and inspect the work after it is done. A practical road builder in each county is just what most of our towns need to start them along the best way of building good roads. One that can show by actual demonstration that his theories are good.

It will be expensive but not so expensive as experimenting with road building, and then have the latest state of that road worse than the first.

It is the results we want and if the State of Maine can map out and direct the building of better roads, the taxpayers pray that nothing may stand in the way. May time be taken by the forelocks and some of these taxpayers ride over these good roads before they die.

Give us good roads!

Hyomei Gives Relief in 10 Minutes—Cure Over Night.

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose and throat will instantly allay the inflammation, and will effect a prompt cure.

Complete Hyomei outfit, including inhaler, costs only \$1.00 at Noyes Drug Store, extra bottles, if afterwards needed, will cost but 50 cents.

Joseph M. H. Hough, Helldedge, Neb., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."

## Look at the Difference

6 GALLONS  
DEVORE

6 GALLONS  
OTHER PAINT

One-third of the paint-money goes for the paint, two-thirds for the painter. It all goes by the gallon; look out for the gallons. The least-gallons paint is Devore.

**Fewer Gallons or No Pay**

Paint half of your house with any other paint; paint half with Devore. The other-half paint will take the most gallons; if not, we will make no charge for Devore.

**Wears Longer or No Pay**

Here's another offer.

Paint half of your house with lead-and-oil: the other half with Devore lead-and-zinc.

In three years the lead-and-oil half will need repainting, while the Devore half will be about like new.

If not, we will give you the paint for the whole house.
